Model: PCS-60

5 TON A/C

208/1PH @ 29 Amps

The PCS-60 Portable Air Conditioner delivers an impressive 60,000 BTU of cooling power, making it the ideal solution for large commercial and industrial environments where dependable spot cooling is essential. Designed to rapidly reduce temperatures in expansive spaces, the PCS-60 is well-suited for large office areas, data centers, server rooms, telecommunications facilities, warehouses, manufacturing plants, more, where excess heat can impact personnel, productivity, or sensitive equipment. Operating on a **208/230V power supply**, this self-contained portable unit can be deployed quickly with no permanent installation required.

Features:

- Built in Condensate Pump
- Powerful 60,000 BTU
- Auto Restart after Power Interruption
- Temperature Control Thermostat
- Easily Portable
