(A/C UNIT)

Model: PCS-20 VTW

Features: PCS-20VTW

The PCS-20VTW 20-Ton Vertical Tent Wall Air Conditioning Unit delivers an impressive 240,000 BTU/hr of cooling capacity, providing a powerful and reliable climate control solution for large tents, temporary structures, special events, and commercial or industrial applications. Designed for vertical tent wall installation, this heavy-duty unit maximizes usable floor space while delivering a strong 8,000 CFM of airflow to maintain comfortable indoor temperatures. Operating on 480V, 3-phase power, the PCS-20VTW features a 36-kW electric heating system, offering versatile cooling and heating capabilities for year-round use.
