(A/C UNIT)

Model: PCS-5 TON

Features: PCS-5 TON

The PCS-5 Ton outdoor Portable Air Conditioning Unit delivers an impressive 60,000 BTU/hr of cooling capacity, providing a powerful and dependable solution for temporary, supplemental, and emergency cooling applications. Designed for outdoor placement, this versatile unit efficiently ducts cool air into indoor spaces to help reduce excessive heat and maintain comfortable temperatures. Ideal for large warehouses, construction sites, manufacturing facilities, temporary structures, large tent venues, and special events, this portable air conditioning unit offers a practical and reliable climate control solution wherever additional cooling is needed.
