(A/C UNIT)

Model: PCS-80 TON

Features: PCS-80 TON

The PCS-80 Ton Portable Air Conditioning Unit is a powerful, industrial-grade cooling solution designed to deliver reliable temperature control for large commercial and industrial environments. With an impressive 80 tons of cooling capacity (960,000 BTU/hr), this unit is ideal for warehouses, manufacturing facilities, large event tents, construction sites, and other demanding applications requiring high-volume cooling. Its portable design allows for convenient transportation, quick setup, and flexible installation, making it an excellent choice for temporary cooling, emergency HVAC replacement, planned maintenance, and supplemental climate control.
