Model: PCS-2000

AIR SCRUBBER

Among the most powerful units available, at 2000 CFM
this unit is changing the air in a typical 12x12 room well over 100 times an hour. The true HEPA filter removes airborne particles down to .3 micron in size with 99.97% efficiency, the unit also uses replaceable primary and secondary filters too to improve the life of the HEPA filter.

Features:

•Heavy duty aluminum cabinet is lightweight, durable, rust resistant

•Sealed control box eliminates leakage around gauges

•Locks on HEPA filter assures a positive seal around HEPA filter
•Four heavy duty swivel casters, two w/locks provides easy mobility
•Rugged carrying handles provide easy portability.
